

## She loved him BUT HER FAMILY SAID....

When men feel as David did, always fagged out, dull and wretched, it's a sure sign they're suffering from "Night-Starvation." Doctors say you use up energy even while you sleep — for breathing and other automatic actions. If this energy is not replaced as it is used, you wake tired — "Night-Starved." A cupful of Horlick's last thing every night guards against "Night-Starvation." This means you have enough energy in the morning to face the longest day. Horlick's has a fascinating flavour, and it is economical, too. The milk is in it, just add water. Prices from 2/-, Also the Horlick's Mixer, 6d. and 1/-.

## HORICK'S GUARDS AGAINST NIGHT-STARVATION

THIS MEANS YOU SLEEP SOUNDLY,  
WAKE REFRESHED, AND HAVE  
EXTRA ENERGY ALL DAY.

**IF** you're constipated, it's probably due to lack of "bulk" in your diet.

Your food gets almost completely absorbed, and the waste matter left in the intestines is not bulky enough for the muscles to "take hold of." They cease to work, you get constipated.

Doctors recommend All-Bran, a

natural bulk food. By supplying the bulk that muscles need to "take hold of," All-Bran brings about a thorough and natural movement. Eat All-Bran for breakfast, drink plenty of fluids, and say goodbye to constipation. 7d. a packet, 3 points.

In her early 'teens many a girl outgrows her strength. She is entering womanhood and can't meet the demands made on her system. She becomes thin, pale and irritable; her head droops, she is languid, has headaches and backaches and the least exertion leaves her breathless; she is anemic.

She needs Dr. Williams Pink Pills. She will be transformed into a healthy, happy girl full of life and energy, with colour in her cheeks, a clear skin, sparkling eyes and buoyant spirits.

### "Tell me, doctor . . .

*I want to ask you something. When I wrote to Caroline I asked her what she uses — uses personally, I mean — and she says always 'Dettol'. Both dainty and dependable, she puts it. Tell me, Doctor, what do you think? Is it really effective?"*

Science has made a discovery of intimate importance to women — the modern antiseptic distinguished by the brand name 'Dettol'.
